Single Family on 0.00 Acres

Idylwylde, Edmonton, AB

Exquisite, this home has been completely renovated with newer--windows, shingles, siding, all major mechanical items, fence, deck, and more! This lot is HUGE, one of the biggest in the neighborhood, over 705sqm on a corner lot that lends itself well to any future development. The main floor offers an open-concept bungalow design with a new kitchen featuring stone countertops, SS appliances, and ample cupboard space. The dining and living rooms flow seamlessly from the kitchen, creating a bright, welcoming space. The fully finished basement is currently set up as a home gym but could easily be converted into a spacious rec room. A full bath, laundry, and third bedroom complete the lower level. The property also includes an incredible 27' x 35' triple detached garage/shop with 10' ceilings, 9' doors, heated, 220 power on a 200-amp panel, and in-floor drains--perfect for vehicles, hobby shop or storage. Outside, the yard is finished with a new deck, hot tub, RV parking, a small garden, and a fenced yard
